VOL. CXXXVI.—No. 27. ALEXANDRIA GAZETTE SATURDAY, JANUARY 31, 1920. PRICE ONE CENT

PROVISIONS FOR STATE INSURANCE

Measure Introduced Putting Commonwealth Into Insurance Business

SUCCESS ELSEWHERE

Advocate of Measure Declares Rate Has Been Rapidly Lowered and Large Fun Accumulated

Richmond, Jan. 31.—State insurance under the workmen's compensation act is the purpose of a bill introduced in the House of Delegates yesterday by Robert O. Norris, of Lancaster, and having fifteen co-patrons. A companion measure was introduced in the Senate by Senators Trinkle and Gunn.

Delegate Norris, in explaining his bill, stated that under the provisions of the present workmen's compensation act of Virginia, the common law defense of negligence no longer can be interposed by the employer of labor. The existing law provides that an employer must either furnish self-insurance or take out insurance against liability under the act in some authorized insurance company.

With the common law defense of negilgence removed, only the strongest concerns financially can offord to furnish self-insurance, Mr. Norris said, the result being that the great bulk of employers in Virginia must insure in some liability company.

While the act purposes to authorize the State Insurance Commissioner of regulate rates, he is powerless, the Delegate from Lancaster argues, for the reason that the liability insurance companies are foreign concerns, and can and do refuse to do business in Virginia unless the rates fixed by them are accepted.

Under the bill introduced by Mr. Norris, the plan which has been adopted with success in West Virginia is followed closely. It provides for State insurance. The rates are fixed by the industrial commission, with power to increase or decrease same and the business is operated on a cost basis. A fund is to be created out of which all liabilities are to be paid.

So well has the plan succeeded in West Virginia, according to Mr. Norris, that the rates have decreased until they now range from only 10 to 4 per cent of what they were, varying as to the class of business and a fund of between $6,000,000 and $7,000,000 has been created.

Mr. Norris estimates that the people of Virginia will be saved $1,500,000 annually if the proposed bill becomes law. An additional and distinct advantage, the chief patron of the bill points out, is that the entire fund will be kept and invested within the State of Virginia.

The bill was referred to the Committee on General Laws.

FIFTH ENGINEERS WIN

The 5th Engineers basketball team handed the Dreadnoughts, league ketball league, a jolt last night when they were defeated by the score of 34 to 33.

The Deadnaughts were defeated by the lack of team work, and the engineers took advantage of slip-ups. and the Engineers were greatly strengthened by the addition of several new players, including a center 6 foot 7 inches tall.

The team that the soldiers put on the floor last night was a fast aggregation and promises to make a big bid for the pennant in the league, and the basketball followers can look for a hot race in the league.

On Monday the Engineers meet the Lyceum five and another hot game is looked forward too.

NEW SHOCKS IN MEXICO

Mexico City, Jan. 31.—Earthquake shocks were felt in the city of Vera Cruz and in the vicinity of Chalchicomula, state of Puebla, Thursday evening, according to reports reaching this city.

Dispatches from Puebla say inhabitants of the earthquake region are living in terror and are suffering great hardships as a result of continued seismic disturbances. Assistance is needed in many localities, it is said.

A. H. S. VICTORIOUS

Last evening the boys' and girls' teams of the Alexandria High School journeyed to Manassas, Va., where they met the teams of the Manassas High School.

The team work of the A. H. S. quint was good but owing to the slippery condition of the floors many goals were missed because of insecure footing. The game was just and snappy and the Manassas lads put up a good fight, but lost because of the superior playing of the boys from Alexandria. The score was A. H. S., 26;; M. H. S., 16; time of quarters, 10 minutes.

The girls of A. H. S., were not so fortunate as they lost by a score of 39 to 26, but they showed a marked improvement on their playing and made the Manassas team hustle to win the game.

TWO PLAYS TODAY

Two plays are being given this afternoon in the high school auditorium. Hiawatha, a dramatized version of Longfellow's poem, by the Lightfoot Club, and this will be followed by The Sun Goddess, presented by the Double Six Club. The cast of latter is as follows: Ha Sa, Annie Moore; Ito, Audrey Nalls; Toya, Bertha Wolfson. O Sama San, Thelma Mumford; Hasu, Aseneth Graves; Osono, Thelma Reed; Willow Maiden, Virginia Storey; Wistaria, Louise Jones; Butterfly, Gladys Hohenstein; A Villager, Ruth Ballard; Rice Maiden, Eleanor Whitton; Akimo, Mary Finks; Cherry Blossom, Naomi Crump; Priest, Virginia Haynes; Sun Goddess, Dorothy Padgett; O Ku Re, Genevieve Shepperson; Usume, Josephine Duffy; Children, Pearle Stuart, Virginia Dare.

OPENING OF BAZAAR

Under Auspices of Chicago Club of Elks Affair Will Start Tonight

Under the auspices of the Chicago Club of Alexandria Lodge of Elks a big bazaar will be opened tonight in the auditorium of its home. It will close February 7.

The various committees in charge have prepared special attractions which will be given nightly. In addition many valuable prizes will be disposed of during the progress of the bazaar and it is expected that the affair will be liberally patronized.

The popularity contest is attracting considerable interest and it is expected that the various individuals and organizations will put up an aggressive fight for the prizes offered.

The standing of the condidates in this contest follows:

Longerbeam, 3,701; Underwood, 3,618; Simpson, 3,580; Bradley, 3,563; Sonners, 3,521; Heintz, 3.492; Lucas, 3,460.

Organizations—Junior Mechanics 2,502; Fire department, 2,477; Odd Fellows, 2,363; Red Men, 2,290; American Legion, 2,273; Daughters of Rebecca, 2,093; K. of C. 2,001.

GERMAN ASSEMBLY STORMY

Wild Scenes During Fight Over Martial Law

Berlin, Jan. 31.—There were stormy scenes in the National Assembly yesterday during the discussion of the independents' proposal to abolish the state of siege, the different factions trying to howl each other down. Dr. Heine, Prussian Minister of the Interior, urged continuance of the public safety precautions. He threatened the independent leaders with courtmartial, shouting "you are joking at the risk of your lives."

Herr Oeser, Prussian Minister of Railways, stated that as a result of the railway strike 47 per cent of the country's locomotives were useless.

During the debate the Reichstag building was barricaded and it was feared the railroad strikers would seek to gain admission by force.

ARABS PROTEST TO POPE

Attack "Pro-Zionist" Policy of Britain

Rome, Jan. 31.—Pope Benedict has received a memorandum from Arabian tribes in Palestine which protests against what is called the "pro-zionist" policy of Great Britain and A. J. Balfour's statement that "Palestine must be for the Jews." The memorandum denounces the report that Bolshevik Jews have been given permission to settle in Palestine and declares that Arabs will never allow Zionists to take possession of their country.

MASS MEETING NEXT MONDAY NIGHT

Citizens Association Will be Organized at Odd Fellows Hall

BETTER CONDITIONS

Officers to be Chosen and Application Made to State Corporation Commission for a Charter.

A Citizens Association it is announced will be organized at a meeting which will be held at 8 o'clock Monday night in Odd Fellows' Hall Invitations have been sent out by the committee in charge of the plans. The invitations are signed J. T. Luckett, secretary pro tem. In the circular letters sent out, dated January 29, it is set forth that at a recent informal meeting of citizens held in the Pythian Temple the organization of a Citizens Association was discussed.

It is further recited that inasmuch at the Chamber of Commerce is composed nearly entirely of business men, such an association as proposed would be of great assistance in securing better conditions in this city.

At the meeting slated for Monday night officers will be elected and application made for a charter to the state corporation commission it is announced.

Suggestions that will benefit such an organization are desired from those who attend according to the letter.

REPRESENTATIVE MOORE IS HOST TO 27 PAGES

Urges Them to Get Best Education Possible and Offers to Assist Them.

Opportunities for their advancement in Washington were impressed by Representative R. Walton Moore, of the Eighth Virginia District, upon 27 house pages, who were his guests at dinner at his home in Avondale apartments, Washington.

Representative Moore described Washington as the most beautiful city in the world, telling the boys that it was an honor and privilege to live in it. He said their first advantage as pages was in a close touch with Congress, learning parliamentary procedure, the history of legislation and having inculcated in the best possible way the system of government. Besides that he pointed to the exceptional opportunity for them to attend universities and get professions while working at the Capitol. He encouraged all of them to attend school at night and promised them his assistance at any time toward getting a better education.

Representative Montague, of Virginia, also urged the boys to make the most of their opportunities in the Capital city.

A. G. Wolf, of Wisconsin, chief page on the democratic side of the House who was a lieutenant in the 150th Machine Gun Battalion of the famous Rainbow Division, the 42nd, and whose arm was shot off in the second battle of the Marne, also made a speech.

John McCabe, of Indiana, chief page on the republican side, when questioned by former Gov. Montague, said that Indiana to date has three presidential candidates, but that he himself had to be strictly neutral because he is to be chief page of the republican national convention. He caused considerable amusement by his offhand criticism of party politics.

Representative Moore promised the boys another treat during the summer at his home in Fairfax, Va. —Manassas Journal.

DANGEROUS AIR RIFLE

Elkton, Md., Jan. 31.—Prof. Hugh W. Caldwell, superintendent of county schools, is investigating the accidental shooting of Marian Lockerman, a pupil at Ponds Neck Public School by Henry Shelton, one of the older pupils. The little girl was struck in the forehead by a bullet from an air rifle and for some time she was in a serious condition. Miss Blanche Knock, the principal, summoned several of the neighbors, who rendered assistance. This is the second offense in two weeks of pupils in Cecil county schools carrying firearms.

PRAISE FOR SALVATION ARMY

Mrs. Hellwege Receives Letter of Appreciation

Mrs. Capt. J. D. Hellwege, of the Salvation Army in this city, has just received a letter from the divisional headquarters, Baltimore, signed by the divisional secretary, Roddo, in which the writer says that he has just received a letter from the U. S. Public Health Service in which they particularly mention her splendid co-operation with them in taking care of young women, holding them in quarantine and thus keep them out of the city jail.

Concluding the writer says: "These people seem to greatly appreciate what you have done, and we feel the least we can do is to congratulate you on your good work. May God Bless You."

FEES TO OUTSIDERS MUST BE REPORTED

Virginia Senate Calls on Peters for Figures on Criminal Trials

JUDGES ARE ELECTED

Both Houses of General Assembly Confirms Nominations of Democratic Caucus.

Richmond, Jan. 31.—Without a dissenting vote, the Senate yesterday adopted the resolution of Senator Walter Tansil Oliver, of Fairfax County, calling on Commissioner of Prohibition J. Sidney Peters to present a detailed report of expenditures made in employing outside counsel to defend officers of the department in criminal prosecution. The resolution is not a joint one.

Shortly after the upper House convened at noon, Senator Oliver declared that his resolution had been lying on the table for several days, and that he desired immediate action on it. He said that he had not forced the issue because members of the Senate who were interested in the resolution had not been present on account of sickness. There was no opposition to the resolution, Senator Oliver stated. The vote was then taken.

After the nomination of William H. Sargeant as judge of the Corporation Court of Norfolk had been confirmed by a vote of the members of the Senate, Senator Paul, Republican, arose and declared that he had not voted for Mr. Sargeant because he was convinced that a man whom the lawyers and people of Norfolk did not want had been chosen.

His stand was interpreted as a reflection on the action of the Democratic caucus Wednesday night, which nominated Mr. Sargeant because he was receiving the backing of the Norfolk delegation although his opponent, O. L. Shackelford had received the indorsement of the Norfolk Bar Association.

Confirmation of the nomination of James L. McLemore as judge of the Second Judicial Circuit and Judge Allen R. Hanckel as Judge of the Thirty-second Judicial Circuit was given at the same time that the nomination of Mr. Sargeant was approved. All three of the new judges were nominated by Senator Deal, of Norfolk. The House later confirmed the nominations.

FEBRUARY HAS 5 SUNDAYS

The world will experinece a 5-Sunday February this year for the first time in 40 years, and for the last time during the coming 28 years, unless the calendar in vogue at the present time should be changed.

If 1900 had been a leap year the five Sunday February would have happened in 1908, but the one day that dropped out then put the five Sunday February off for 12 years.

Since 1800 there was a five Sunday February in 1824, in 1852, in 1880, in 1920, and the next one will be in 1948. In other words, if the old world didn't slip a cog three centesimal years out of every four there would be five Sundays in February every 28 years.

ORDER OF CAMELS TO ORGANIZE HERE

Order is Opposed to Prohibition it is Announced

PERSONAL LIBERTY

Will Oppose Eighteenth Amendment —Seek to Enroll Six Million Members in Next Two Years.

This city is soon to have a subordinate caravan of the Order of Camels, a new fraternal organization formed for the purpose of protecting personal liberty. Headquarters of the Grand Caravan of the order are located in Milwaukee, Wisconsin.

The Order of Camels is on record as opposed to prohibition, and during the next several years, it is expected to wage a campaign for repeal or amendment of the eighteenth constitutional amendment. The puritanical blue laws and other measures which are encroachments on personal liberty are to receive the attention of the order.

Louis M. Kotecki, city comptroller, of Milwaukee, is Grand Sheik of the order, and Claude R. Diegle, secretary. Plans are being made to enroll six million members in the country in the next two years.

OFFICERS CHOSEN

Mrs. W. M. Reardon Heads Woman's Missionary Society of M. E. Church South

The first regular monthly meeting of the Woman's Missionary Society of M. E. Church South was held Wednesday afternoon at 2 o'clock. The attendance was very large. Hope is expressed that each member will feel this coming year she has a place to fill and will see to it that it is never empty.

The reports of the past year were very glowing, showing a banner year for the society. The spirit shown at the meeting was very inspiring and the members feel this coming year will, it is hoped, be the best yet.

The following officers were elected for the ensuing year. President, Mrs. Wm. M. Reardon; vice president, Mrs. George R. Hill; superintendent young people, Mrs. Chas. E. Outcalt; Supt. juniors, Mrs. Annie Bruce; supt. social service, Mrs. Chas. E. Dare; Supt. supplies, Mrs. Bernard B. Brown; supt. study and publicity, Mrs. E. E. Carver; recording secretary, Mrs. Geo. W. Keys; corresponding secretary, Mrs. Ralph Steele; treasurer Mrs. O. P. Angelo; local treasurer. Mrs. Irving Brawner; agt. for voice, Mrs. Annie Pullman; pianist, Mrs. Chas. Smithers.

The officers of the society will be installed at the next regular meeting, February 25. A special program will be given and its members hope that all interested will keep this date in mind.

DEATH NOTICE

At her residence, 908 Wilkes street, on Friday, January 30, 1920, at 5:30 p. m., Roberta Evans wife of Samuel Evans, and daughter of Gilbert Simpson, aged 34 years Funeral arrangements hereafter.

Gone from earth, yes, gone forever,
Tear-dimmed eyes shall gaze in vain,
We shall hear her voice, oh, never,
Never more on earth again.
Home is sad, oh, God, how dreary,
Lonesome, lonesome every spot,
Listening for her voice till weary,
Down upon our mother's head.
Our dear mother must she leave us,
Must we place her with the dead;
How can we hear the cold earth fall
Down upon our mother's head.
She was thoughtful, loving, tender,
With us each and every one,
How she suffered, but is now rejoicing,
Her joy in heaven has just begun
Past her suffering, past her pain,
Cease to weep, for tears are vain,
Calm the tumult of her breast,
For she who suffered is at rest.

27-1p. Husband and children.

WHISKY THEN AND NOW

Older inhabitants of the country are often cast into reveries when they realize the cost of a "drink" in the twentieth century. Many now living well remember when whisky sold at wholesale at 25 and 30 cents per gallon, and an ordinary "drink" could be produced for three cents. In the good old ante bellum days operators of fishing shores near Alexandria at this time of year were engaged in preparing for the spring "catch." Provisions were purchased, and a fishing shore minus whisky was regarded as Hamlet without Hamlet. This essential was therefore provided. The cost then varied from 25 to 30 cents per gallon.

Those who will have liquor at this time are paying at the rate of about one dollar per drink, and there is no guarantee that they receive pure whisky even at the price. A few days ago an item in an exchange showed that so-called whisky sold at one place at six dollars per half pint.

Long after the last cellar has gone dry and the last drop of whisky has been consumed there will remain a bottle of liquor that according to tradition is entombed in the cornerstone of the Universalist church at Montgomery, Ohio.

William Swaim, 72, village historian, and former schoolmaster of Montgomery is authority for the tradition that a quart of liquor is concealed within the cornerstone of the church, which was built in 183

"In those days liquor was as respectable as water," says Swaim "Preachers drank it just as other folks did. It was customary to place liquor in a cornerstone for the same reason that folks drank each other's health in liquor.

Across the road from the church is a tavern that was a stopover for the farmers hauling their produce to the city. Whisky sold there for 3 cents a drink, Swaim recalls.

THE VIRGINIA BUDGET

The budget law adopted by the Virginia Legislature at the 191 session has attracted wide nation attention, and is generally recognized as being in advance of an legislation of its kind.

Seven states have adopted it, an other states are preparing to do s It is already amply justifying itself in its practical workings. Th House Appropriations Committee and the Senate Finance Committe now holding joint hearings ever day for the purpose of framing th appropriations bill are finding th budget of incalculable service. No only is the intricate labor of compiling an appropriation bill vastl simplified, but the chances of mistakes, errors and omissions a greatly lessened.

The whole subject of finance an appropriation is presented to th assembly in an orderly, systemati and scientific fashion, considere by functions, by character and b objects of appropriation.

The Governor, who is charge with the preparation of the budge and the gentlemen who assiste him in its preparation, have done a notably fine piece of work, and th situation which arose in 1918, when the governor was obliged to ca back the legislature to correct errors in the appropriations bill is not likely to be repeated.

THE MILLS OF THE GODS

The Dearborn, Mich., Independent recalls that the Crimean War in which Turkey was a bone of contention between England and France arrayed against Russia alone, resulted disastrously for the Czar's kingdom. Then the Ottoman Empire, with its territorial integrity guaranteed by treaty, proceeded to levy immense taxes upon its subjects. Here is what happened to those unfortunates who failed to pay in cash:

"In the heat of summer men are stripped and tied to a tree smeared over with honey or other sweet stuff, and left to the tender mercies of the insect world. For winter extortion it is found convenient to bind people to stakes and leave them barefooted to be frostbitten. Instances are recorded of peasants buried up to their heads in earth and left to repent at leisure."

This regime of cruelty by the "unspeakable Turk" brought on revolutions and the intervention of Russia. By the treaty of San Stefano and the succeeding one of the European Congress the Oriental tyrant was severely shorn. The states of Serbia, Montenegro, Roumania, and Bulgaria were recognized.

In the recent Great War the decadent nation of the East, "The Sick Man," continued his cruelties. The Armenians were driven like dogs turned over to the savage Kurds tortured, and massacred in thousands. The women and girls were drafted for the harems, impressed into service as camp followers, and enslaved like oxen or other beasts. The Turk has ever been a fiendish monstrosity, but he may live to learn that men and nations alike are overcome by their sins. The dwindling Ottoman power is a conspicuous example of vice consistently punished. When all the settlements of the Great War are made you'll scarcely be able to locate Turkey on the map.

THE TRUTH ABOUT SUGAR

The excuse for the advance in the price of sugar in the latter part of 919 was that it was due to extraordinary scarcity. There is plenty of it now, apparently, but it is still selling at retail from 17 to 20 cents a pound. In a dispatch from Washington yesterday we are told that "jobbers, wholesalers and retail dealers are dividing a profit of more than 100 per cent on sugar at 10 cents a pound" and that "in December 8 1-4 cents per pound was the price at which American refiners sold sugar for export from the United States." These statements are gleaned from reports to the United States Department of Commerce.

If the Department of Commerce might, millions of dollars of unjustified profits have been extracted from the breakfast tables of the country in the last two months through this sugar bunco game. What article will be selected next as a means of exploiting and penalizing the householder? The government's income tax is a bagatelle compared to the perpetual and increasing income tax which the profiteers levy every day upon the public. How long will the American people submit to it?—Baltimore Sun.

MONEY FOR REVOLUTION

It is amazing that one professing to be the responsible head of a foreign government should be permitted to travel the country and collect funds for the avowed purpose of creating revolt and bloodshed. If there ever was a time when every effort should be made to suppress revolt and revolution it is today. The Sinn Feiners and their president are following out the spirit and methods of the Bolsheviki, no matter whether their claims are right or wrong. It is to be presumed that the majority of those who subscribe to the bonds of the so-called republic know that they are pouring money into the revolutionary mill from which will come crime and disorder and bloodshed.

Hence, it is amazing that the authorities of any city or the government would permit such collection especially when made by an alien.

How long would America stand for this sort of thing were the British to finance negro uprising, provided the colored people were, as they are not, incendiarists?—Baltimore American.

WINCHESTER GIVEN FLAG

Virginia City Presented Banner of Winchester, England.

Winchester, Va., Jan. 31.—The original guildhall flag of the city of Winchester, Eng., recently sent to this city as a token of international courtesy, was formally presented Thursday night by Major-General Bethell, military attache of the British Embassy, Washington, and was received on behalf of the city of Winchester by Mayor Julian F. Ward. He in turn presented the flag to R. Gray Williams, president of the Handley board of trustees, who will have the flag placed on exhibition permanently in the Hanley Library here.

The guildhall flag was presented in Winchester, England, on July 4, 1918, to Col. Carl Abrams, of Salem, Ore., representing the thousands of American soldiers who were present in Winchester, England, at the time, as an evidence of the friendship felt by the people of that city for the American troops, with the request that it "be presented to Winchester, Va., the original namesake in America of the old English capital now so well known to 1,000,000 American doughboys."

The flag was one of the most cherished possessions of the English city. It was for many years flown over the guildhall. The flag is about 10 by 5 feet, of solid red, and in the center is the coat of arms of Winchester, England.

Accident and Health Insurance, Carver and Callahan, 127 North Fairfax Street. 24-tf.

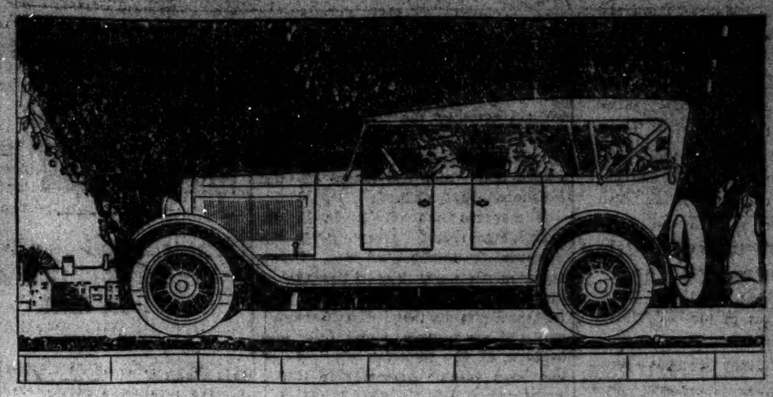
Grandmother Used Mustard Blisters to Relieve Congested Conditions.

Grandmother also walked to town if she wished to do any shopping. Do you wish to return to Grandmother's times or take an elevated car? This comparison is brought before you for the simple purpose of illustrating why people of today that are up-to-date use MINTOL in preference to using mustard plasters and smelly mustard creams.

For colds in the head, catarrh, grip, bronchitis or pneumonia simply apply a hot wet towel to the throat and lungs for five minutes then apply MINTOL rubbing thoroughly in for five minutes and cover the parts with a hot, dry flannel, so arranged as to allow the vapors arising from the MINTOL to be inhaled. This treatment will be found as much an improvement over the old fashioned mustard blisters and creams as the elevated is over walking.

Notice—Mintol is the latest scientific discovery for the treatment of all congested conditions such as occur in Spanish Influenza, Grip, Pneumonia and Bronchial affections. It kills the Influenza and Grip germ and acts as an antiseptic in healing inflamed throat or nostrils. For hoarseness, a little of the MINTOL applied to the back of the tongue will give instant relief, 35c, 60c and $1.25 a jar. If your druggist cannot supply you we will send you a jar on receipt of price. The Home Relief Laboratories, Boston, Mass. For Sale by Gibsons Drug Store.

CHANDLER SIX
Famous For Its Marvelous Motor



Europe Welcomes The Chandler Six

NOW and then you read something about "French style and line" in automobiles, or perhaps it's "the newest English idea." And some folks have gone across to get the newest suggestions.

Europe hasn't built automobiles for five years and Europe is crying for new cars and good cars.

America's style is Europe's style now.

The Chandler Six, popular in many other countries for years but kept out of Europe the past three years because of war-time prohibition of shipments, is welcomed everywhere in Europe now—welcomed for the excellence of its performance, and quite as much for the beauty of its styles of body.

The Chandler, represented in the British Isles by Messrs. H. G. Burford & Company, Ltd., of London, was exhibited by that old established English automotive house, at the great Olympia Motor Show,

and was "quite the sensation of the show," says a London cable. "Three hundred and seventy Chandlers were sold in two days."

Apparently England is greatly pleased with America's best style in motor cars.

The Chandler Offers Highest Quality At The Fairest Price

VIRGINIA NEWS

Plans are under way in Vienna for the erection of a new building to replace the Vienna public school, which was destroyed by fire early yesterday. The building was only recently completed at a cost of $10,000. The fire orignated in the room of the principal Mrs. E. J. Haight, who had not used the room since the Christmas holidays. The building was destroyed before pupils assembled for the morning classes. The contents were a complete loss. Herbert Williams, a chairman of the school board, said the loss was fully covered by insurance. He said plans are under way to rebuild at once.

Trial of the suit of Mrs. Carie L. Lucas, of Montpelier, against the Atlantic Coast Line Railway Company, for $10,000 damages, was concluded in Petersburg last night, the jury giving a verdict for the plaintiff for the entire amount. Mrs. Lucas was injured on June 25, 1918, when an automobile, in which she was riding, was caught between the gates of the company at a street crossing here. The machine was struck by a passenger train.

That the Fairfax County Road Commission intends to recommend construction of a road from Tyson's Corner, to Washington and that the route will ignore the road which runs by way of McLean, Chesterbrook and Walker's Chapel, was contained in a complaint sent to the Fairfax county delegation in the Virginia legislature yesterday. Following a mass meeting of citizens at McLean, Va., a resolution was adopted protesting against the new route. Resolutions asking that the people be informed by the road commission how public funds for roads and other purposes are spent were adopted at meetings at Arnold's Chapel, Drainesville, Spring Hill and McLean.

One hundred and fifty students at the University of Virginia Thursday night organized a college Herbert Hoover Club. In the constitution adopted members pledged themselves to secure organizations of Hoover clubs in other American universities. R. R. Hamilton, Jr., winner of Croix de Guerre, and now a law student, emphasized Mr. Hoover's knowledge of international conditions, and Thomas J. Michie, Jr., who was in the American aviation section in Italy, spoke from personal knowledge of Mr. Hoover's work in Europe.

Boy Scout ambulances were being used in Richmond yesterday to convey influenza patients to emergency hospitals. One hundred new cases were reported yesterday morning, the total number being 1,596 thus far this month. Only six deaths have been reported.

One hundred and fifty-nine new cases of influenza were reported to the Roanoke health department yesterday, bringing the total to 773. No deaths were reported. Health officials expressed the belief that today a decision will be made to close all public gathering places, including schools, until the epidemic is over.

Newport News health officers reported yesterday there was a marked decrease in the number of new cases of influneza, but 86 having been reported since Thursday noon, against 124 for the previous 24 hour period. The second death from the disease was reported yesterday.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-effects, it has won the praise of thousands of people who have used it.

HISTORY OF SOCIALISM

Payment of German Money to Lenine and Trotsky to Overthrow Kerensky

Albany, N. Y., Jan. 31.—The Assembly chamber in which the five suspended Socialist assemblymen are being tried for alleged disloyalty, yesterday became a schoolroom for the teaching of socialism.

Seated in a semicircle around Seymour Stedman, defense counsel, and Algernon Lee, of the Socialist state committee, a witness, the assembly Judiciary Committee heard read into the record what may be described as "a general history of socialism from 1864 to 1920."

In quizzing his "pupil" Mr. Stedman drew from Mr. Lee differentiations between socialistic and anarchistic doctrines, names of leaders in both movements, and a history of the development of socialism in Europe, with special reference to Russia.

Assemblyman Louis A. Cuvillier, a committee member, a native of Alexandria, Va., asked if it were not true that German money had been paid Lenine and Trotsky to overthrow the Kerensky government. When Mr. Lee replied in the negative, Mr. Cuvillier contradicted him, saying he "had it on the authority of the State Department."

Mr. Lee admitted that Socialist held the doctrine that political action should be backed up by industrial action and that in pledging themselves to oppose war by "mass action" the term "mass action" could be used to include a general strike. He also said strikes such as had occurred in Germany were justified, but, in reply to a question, said no such conditions prevailed here. He added he hoped no "emergency" would arise which would make such industrial action necessary in the United States.

Mr. Stedman asserted, however, he considered "the mining situation" one where there should have been a general strike.

Mr. Lee asserted the Socialist party never had proposed a general strike in the United States.

HOPES HE WILL TALK ON

Bryan Says Edwards Will Find He Is "Up Against a Stone Wall."

Asheville, N. C., Jan. 31.—Replying to a statement Thursday night by Governor Edwards, of New Jersey, that William Jennings Bryan sought a "death harmony in the Democratic party, with San Francisco as the morgue," Mr. Bryan said here today he hoped the New Jersey Executive would "keep on talking," as 'no champion of the liquor traffic can talk long without insulting the conscience and sense of decency of the country."

"The more Governor Edwards talks," said Mr. Bryan, "the more shamed Chairman Cummings will be of giving respectability to his candidacy for the Presidential nomination and the more certain it will be that prominent Democrats it will be EE prominent Democrats will have other engagements when invited to his meetings.

"Governor Edwards' candidacy is an offense against the Democratic party, and the sooner he finds out that he is going up against a stone wall and settle down to companionship with those who used to be engaged in the criminal business of which he has become the most conspicuous champion, the sooner the party will be able to turn its attention to the important work before it."

TO HOME BUYERS

In this day of thrift it is the wise man who secures his home by adequate life insurance to cancel the mortgage in event of his death. The buyer is required to carry fire insurance with the policy assigned to the seller, and the home may never burn. Isn't there as great need for life insurance on the man who is to pay for the home, for he must die some time, when, no one knows. We have liberal policies at very low rates. Phone 138-J and let us explain.

BRUNSWICK TIRES

FABRIC—CORD
SOLID

CAPITAL CITY SALES COMPANY
526 King Street

Hood Prices, being based absolutely on actual costs of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service — greatest average mileage actually delivered at lowest cost per mile — remains unshaken by unsettled conditions which are arising to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. *We will not pull down our standard*—it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be—as in the past—THE standard by which *real* tire values can be safely judged, for to-day the *price* of a tire is the only true representation of comparative value—guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

LAD TELLS OF KILLING

As Star Witness, He Narrates Father's Slaying of Mother

Grafton, W. Va., Jan. 31.—An incident of the trial of Sam Czerenzie, on trial this week for the murder of his wife, was in the testimony of his 10-year-old son, Joe, who told how his father killed his mother. The lad is considered precocious and went on the stand after a rigid examination as to his qualifications as a witness.

The lad said he and his little sister were at home with their father on the evening of the tragedy, while their mother had gone out to pick beans from the garden. She went on to the home of her sister, Mrs. Ralph Baker, where she remained some time. When she finally returned, the little fellow declared, his father flew into a great rage and began beating his mother in the face.

When asked what his father struck his mother with, he answered:

"With his hands. He beat her a long time," he said.

Then, the boy said, the father seized his wife by the throat and hurled her against the kitchen window. The breaking of the glass seemed further to infuriate the man, according to the lad, and seizing a chair, he struck the woman with that, said the boy. She then went into her bedroom where the boy followed her and found her crying. Later on, the boy said, the father came to this room and while his wife lay upon the bed, seized her by the throat. He then strangled the mother to death in the presence of the boy, said the lad. The little fellow to illustrated how it was done arose to his feet, placed one knee upon the witness chair and clasped his hands about an imaginary throat.

NORFOLK'S WATER SUPPLY

Inquiry to be Made Will Include Expenditure of $7,000,000 After Signing of Armistice

Wash., Jan. 31.—Lack of adequate water supply for the Hampton Roads naval base and training station, which commanding officers said had caused removal of 3,000 or 4,000 seamen to other stations, Thursday had prompted the House Naval Committee to decide to go to Norfolk to begin an investigation there on February 18 next. The committeemen expect to leave here on the President yacht Mayflower the night of February 17.

Committeemen said their inquiry would not be confined to the question of the water supply but that it would extend to the reasons and wisdom of the expenditure of approximately $7,000,000, after the signing of the armistice in the development of East Camp on land to which the government has no time or agreement of purchase. The inquiry, it was said would last several days.

Rear-Admiral A. E. Fechteler, commandant of the Fifth Naval District and Rear-Admiral Frederick Harris public works officer at the Hampton Roads base, told the committee that approximately $32,000,000 was spent in development of the base and station during the war, and that it was expected that the water supply would be provided, with government aid through the cities of Norfolk and Portsmouth. Norfolk, however, has decided upon the development of an independent supply and as a result the system to supply the base and station had not been sufficient for the needs, the officers said. The government, it was testified, advanced $2,400,000 to the two cities—practically all of it to Portsmouth—for building the new water supply.

Chairman Butler apparently angered by the failure to obtain the water supply in co-operation with the cities, warned the officers that unless plans were soon perfected for supply of the stations, that he would urge the committee to refuse any appropriations for the base and station. He added he might confer with congressional leaders, suggesting abandonment of the station.

"Don't they want the government down there," asked the chairman. "Since the government began operations down there, it has spent $200,000,000 within twenty-five miles of Norfolk, and now we have got no water. The country won't stand for that."

RELIEF TO EUROPE

Committee Agrees to Favor Additional Credits of $50,000,000 to Certain Countries

Washington, Jan. 31.—Republican members of the House Ways and Means Committee in conference late yesterday informally agreed to favor legislation authorizing the Treasury to extend additional credits of $50,000,000 to certain European countries for food relief.

The specific countries to benefit by the food credits will be decided upon at a later meeting of the majority members of the committee. Poland, Armenia and Austria were included in the original proposal of Secretary Glass, since supported in a letter from President Wilson, for credits of $150,000,000, later reduced to $125,000,000 by Mr. Glass.

Opposition to authorizing any loans was expressed by some committeemen, who contended that Congress had no right to give away government funds. Others favored $50,000,000 as sufficient to relieve Austria and Armenia. They opposed aid to Poland because they said its armies were more than 10 miles beyond the eastern boundary of Poland as fixed tentatively by the Peace Council.

Still other members urged relief for Poland as a military necessity to support that country in its warfare against the Bolsheviki.

HOIST REPUBLIC FLAG

New Municipal Council of Dublin Made up of Sinn Fein Members

Dublin, Jan. 31.—When the new municipal council, composed of Sinn Feiners, met for the first time yesterday it was greeted with the greatest enthusiasm by huge crowds as the republican flag was hoisted on the city hall.

London, Jan. 31.—Ireland is almost universally opposed to the home rule proposition recently advanced by Premier Lloyd George, regarding his proposals with little short of contempt, according to Arthur Henderson, the labor leader, speaking on his return from Ireland with the labor party delegation, which made a ten-day tour of inspection and inquiry. The desire for an independent republic was widespread and frankly expressed, Mr. Henderson said.

BOY SCALPED COASTING

Lewistown Child Saves Sister's Life When They Hit Auto

Lewistown, Pa., Jan. 31.—Paul Dimm, 10 years old, was scalped here Thursday in a coasting accident, and his little sister Charlotte, 8 years old, sustained ugly lacerations of the face.

The children were coasting on Ridge Hill, teh boy, lying on sled, and his sister, sitting on his body, when they collided head on with an automobile standing at the curb.

Paul was caught just above the eyes by the fender and his scalp stripped backwards, it required 19 stitches to close the wound.

Eye witnesses say that if her brother had not raised his head and took the full force of the collision she would have been killed.

The children's mother is at a Williamsport hospital undergoing an operation.

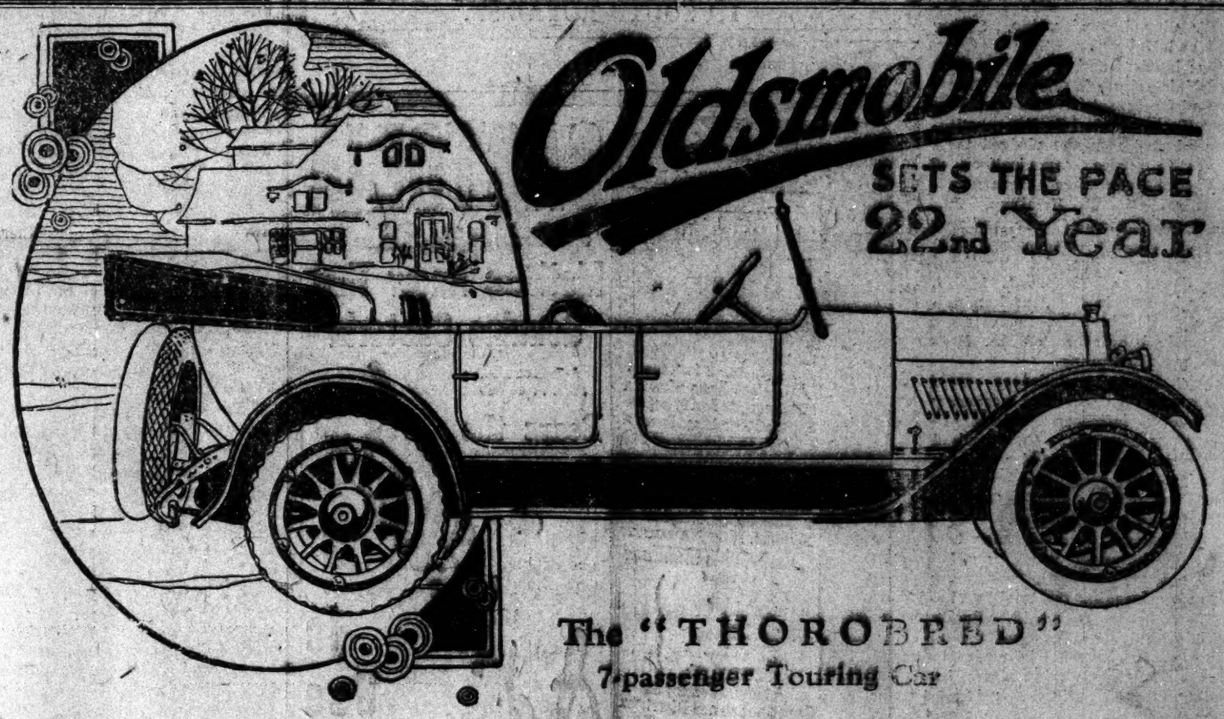
Oldsmobile
SETS THE PACE 22nd Year



The "THOROBRED"
7-passenger Touring Car

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

19-12c P. H. Smyth, Secty.

NO REST—NO PEACE

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Alexandria people recommend Doan's Kidney Pills. Be guided by their experience.

Mrs. Chas. Cook, 410 Queen St., Alexandria, says: "After an attack of the "flu" my kidneys were left in bad shape. My back pained me so I was in misery all the time. It seemed as though a dagger were being thrust into my kidneys. I could get no rest at night. Mornings I would be so tired and worn out I would feel like giving up. A friend saw what condition I was in and told me what a wonderful remedy Doan's Kidney Pills are. I sent to Creighton's Drug Store for some. Doan's fixed me up all right in a short time. The pains all left me and before long I was entirely cured. It was Doan's Kidney Pills and nothing else that did it."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cook had. Foster-Miburn Co. Mfrs., Buffalo, N. Y.

TANKER SINKS

S. S. Mielero Breaks in Half off the Florida Coast

The tank steamer Mielero, of Baltimore, broke in half on January 26 and sunk somewhere off the coast of Florida, according to a wireless received by the Navy Department yesterday from the steamship Ozette. Twenty-two persons are reported missing.

The wireless said a lifeboat containing 18 members of the Mielero's crew had been picked up about 125 miles off the Florida coast.

The boat of the Mielero's captain, with 22 persons aboard, is still adrift. There is a heavy northeast wind, but the sea is moderating

The Mielero was commanded by Capt. A. C. Simmons, of Baltimore who was accompanied on the trip by his wife, 6 year old son, and 4 year old daughter. The boy signed the ship's papers as cabin boy and Mrs. Simmons as stewardess.

On its last trip the Mielero was repaired at Curtis Bay and an unusual experiment made when the for ward part of the ship was ballasted to raise her stern.

The Mielero was operated by the Cuba Distilling Company, of New York, and was bound from Matanzas, Cuba, to Philadelphia with a cargo of molasses.

REDS EXECUTED

27 Communists Have Now Paid Penalty For Reign of Terror

Budapest, Jan. 31.—Three Communists were executed Thursday morning, making a total of 27 to date All were duly tried and it was shown that they were responsible for murders. Two of the three, named Pergovic and Terebo, Red guards, carried out the orders of Bela Kan and shot two Ukranian officers and robbed them of a large sum of gold. They then threw the bodies into the Danube. The officers were charged with anti-Bolshevik propaganda.

The third man executed was Ladislas Szamuely, who was the third of three wealthy brothers who were affiliated with the Communists. The other two brothers committed suicide Ladislas had an unique history. A Judge, he kept an express train of three cars waiting constantly at the depot, so that whenever occasion arose he could proceed through Hungary to condemn to death anti-Bolshevists There were 42 illegal executions against him, though the exact number for which he was responsible never will be known.

MINERS STRIKE

Men Object to Waiting Around an Hour for Envelopes

Shenandoah, Pa., Jan. 31.—The most unusual strike in the history of the region was inaugurated at Buck Mountain colliery Thursday when the several hundred employees refused to accept their pay. There was no complaint against wages or hours of labor, but the men insist on receiving their semi-anonthly pay as soon as their day's work is over.

Under the present system of the Lehigh Valley Coal Company employees are obliged to wait until 3:30 o'cock on pay day before the distribution of wages commences. Miners and others who quit an hour or two earlier in the day are compelled to wait around until that hour The paymasters returned to Wilkes Barre with most of the money. The colliery is idle.

TOOK $50,000 FROM CITY

Gave Money to Woman, Ohio Man Says; Fined $100,640.10

Warren, Ohio., Jan. 31.—Charles B Kistler, former city treasurer, yesterday pleaded guilty to a charge of embezzling city funds and was fined $100,640.10, double the amount of money embezzled, and sentenced to from one to twenty years in the State penitentiary by Common Pleas Judge C. W. Wilkins.

Since the shortage in Kistler's accounts was discovered early this month he has maintained that he gave the bulk of the money to Mrs. Lillian Jane Wilson, of Cleveland.

A warrant for the arrest of Mrs Wilson has been issued and she is being soubht by the police.

GIRL SLAYER EXONERATED

Jury Finds Ruth Jefferson Killed—Father in Defense of Mother

Annapolis, Md., Jan. 31.—A coroner's jury Thursday exonerated Ruth Jefferson, the pretty 18 year old telephone operator who shot and killed her father, Charles Jefferson, at their home near Annapolis on January 21, the jury finding that the shooting was done in defense of herself and mother.

The finding was in line with the statement of the young woman, her father and several witnesses.

THEATRES

GRAND THEATRE

What chance has a pretty girl in the solution of the servant problem? That's a question that has been discussed ever since persons of means engaged persons less fortunately situated to do their menial work.

Mary Pickford, in her forthcoming photoplay, "How Could You Jean" which will be shown at the Grand Theatre tonight, solved the question by hiding her beauty behind the camouflage of a green Swedish servant, after wife after wife gazed upon her pretty face in the employment office and "passed her up" as a girl who was too good looking to possibly be any kind of a cook. The assumption of the disguise is just the beginning of one of the most delightful roles ever assumed by the acknowledged queen of the screen. The supporting players in the picture are of the usual high Artcraft standard. Also Charlie Chaplin in "At It Again."

RICHMOND THEATRE

"Never ditched a pal" or "true to his friends," according to the strata of society occupied by the speaker, is the strongest commendation which can be given a person the world over.

In the production of Norma Talmadge in "A Daughter of Two Worlds," which will be shown at the Richmond Theatre tonight.

This test comes to a daughter of the underworld, after she has gained the topmost rungs of the social ladder. Her decision, the events leading up to it, and the results makes as fascinating a motion picture as has ever been produced.

INGOMAR THEATRE

With action as the keynote, "The Shark" the swiftest photoplay in which George Walsh has yet appeared, will be seen tonight at the Ingomar Theatre.

It is a sea story of luck, lure and love, in which a charming young girl, the daughter of a wealthy oil magnate, meets with many unexpected trials in her search for adventure.

DUTCH TO KEEP EX-KAISER

Conviction That Former German Ruler Should Not be Surrendered to Allies

The Hague, Jan. 31.—Despite the dislike for their unwelcome guest, there is apparently growing determination among the Dutch that the ex-Kaiser should not be surrendered to the Allies.

While Foreign Minister Van Karnebeek is standing firm in his opposition to yielding up the former German Emperor for trial, Dutch officials emphasize that this attitude should not be accepted as reflecting pro-Germanism or friendliness for the erstwhile war lord. It is pointed out that the revelations of Karl Kautsky regarding German war guilt have reduced the ex-Kaiser's reputation in Holland to zero.

Threats of Allied compulsion to get the former Emperor are solidifying the Dutch and practically all the people are now supporting the stand of the government.

It was understood yesterday that the cabinet has reached a final and definite decision not to surrender William unless new arguments are found to prove that the ex-kaiser broke faith with the Dutch constitution and the traditions of Holland. Dutch officials contend that their present task is to keep faith with the constitution of their country and to defend their neutrality. After steering the difficult course of war-time neutrality they believe that the "Kaiser question" does not offer such a big problem.

"Americans, with the same traditions of liberty and independence, can sympathize with our attitude," said one official. "Holland and America have been the two havens. The Pilgrim Fathers who went to America and your spirit of '76 all have analogies with Dutch traditions.

"Holland has not asked anything from Paris. On the contrary, we were asked to give up Dutch territory to Belgium, but compromised it. We do not wish to present the attitude of having a chip on our shoulders; we only want to do our simple duty to our law, our traditions and our conscience. We feel that only Germany could demand the ex-Kaiser from us Holland does not in the least fear economic pressure from the Allies in this respect."

ART TREASURES BURNED

Serious Fire in Fine Arts Building in New York

New York, Jan. 31.—Art treasures value at $750,000 were destroyed yesterday in a fire which swept through the annex of the American Fine Arts Building in West Fifty-eight street. While the fire was raging 1,100 students, including 200 young women, marched in safety from the neighboring building of the Art Students' League.

The annex, a three story brick structure, was completely wrecked. Contents of adjoining buildings, including Osborn Hall, a fashionable apartment hotel, were damaged by water. The total loss is expected to exceed $1,000,000. Most of the burned paintings were in the Vanderbilt exhibit. In addition to the Vanderbilt paintings, a number from the Morgan and Rockefeller collections were destroyed.

The Fine Arts Building is the home of the National Academy of Design.

Straw Hats are in Order

It is not too soon to put on a straw hat, even for wear here in Washington, because many women are making the change from the winter to the early spring costumes even this early, as there seems to be a feeling in the air that we will have an early spring.

When the winter apparel has grown a little weary looking it makes one feel better and brighter to change to the new effects, and this is never more true than in the matter of millinery. These new hats of straw and most of them dark in color, and trimmed very simply and conservatively and are therefore eminently suitable to wear with a winter suit if desired. They are made of hemp or other straws, faced with crepe de chine or silk, and trimmed with fancy stitching, and fancy braid embroidery, or small flowers, wheat and fruits.

They are shown in turquoise blue, navy blue, brown, and black. At $7.50.

Kann's—Second Floor.
